Please tell us what was the most valuable part of this course.

Please tell us what you would like to see improved in the course or its delivery.

Did this course enable you to improve your transportation or air quality planning skills? If so, how? If no, why not?

List one or two ideas, procedures, methods, principles or theories gained from this course/workshop that you can readily apply when you return to your job.

THANK YOU!
*We appreciate your thoughts and participation
in this course.*

What Do You Know About Transportation Conformity?

You probably already possess some knowledge of Transportation Conformity. This evaluation will help you and us to assess the degree to which you increased your knowledge and understanding of Transportation Conformity and its application to transportation and air quality planning. The following is a list of subjects that may be covered in the workshop you will be taking.

Instructions: Please rate your level of competence in each one by placing the appropriate scale number in the appropriate column.

1 = I have no knowledge in this area.

2 = I have some knowledge in this area.

3 = I can do this at an average level of competence.

4 = I am confident in this area.

5 = I am confident and competent enough to teach someone else.

Before the Course

After the Course

_____	Conformity: Triggers and Timing	_____
_____	Conformity: Major Requirements	_____
_____	Conformity Modeling Requirements	_____
_____	Conformity: Lapses and SIP Failures	_____
_____	Resources for Conformity-Related Information	_____
_____	Project-level Conformity	_____
_____	Conformity in Rural Areas	_____

After the Course - Rate the value of the Transportation Conformity materials and toward increasing your understanding on the scale:

(Not Very helpful) 1 2 3 4 5 6 7 8 9 10 (Very Helpful)
